WELCOME TO BLOSSOMING SMILES

Dear Valued Patient,

Thank you for choosing *Blossoming Smiles* for your oral health care needs. We would personally like to welcome you to our dental family. Our goal is to help you achieve and maintain a dental health regimen and a beautiful smile.

While providing general, family and children dentistry, we treat each patient with the utmost care and personable attention.

OUR LEVEL OF CARE

We commit to provide you the highest level of care. We constantly stay abreast of all technology advancements that help make procedures as convenient and painless as possible. Whether you need a regular exam, x-ray & cleaning or a full mouth reconstruction, our state-of-the-art technologies and expertise in anesthetics can make your experience comfortable. We are also equipped and trained to handle more challenging dental procedures through the dental specialty of Prosthodontics.

WHAT YOU CAN EXPECT

We begin your visit by carefully listening to you and then we address your concerns. You will then receive a thorough examination including x-rays and a preventative cleaning. This process gives us the crucial information to determine your personalized treatment plan.

FOR MORE INFORMATION

Please visit our website, www.BlossomingSmiles.com where you can find the latest practice news, dental tips and other information you may need. You may also email us at info@BlossomingSmiles.com. We look forward to serving you. Again, thank you for choosing *Blossoming Smiles*.

Sincerely,

Carlos J. Parajon, DDS

COSMETIC EXPERT
PROSTHODONTIST DEGREE

GET TO KNOW THE DOCTORS

CARLOS PARAJON, DDS, PROSTHODONTIST, is a highly skilled professional and personable family and cosmetic dentist that believes in giving exceptional care and attention to his patients. Dr. Parajon earned his DDS degree from Marquette University of Milwaukee, Wisconsin in 1995. He was also awarded a Prosthodontics degree from Marquette University in 1998. While in school, Dr. Parajon did his clinical rotations in family, cosmetic and implant dentistry and been practicing since 1995.

Dr. Parajon opened his first dental practice, C & E Elite Family Dentistry, SC, in the Greenfield and Glendale, Wisconsin in 1995. Today, both locations continue to be vibrant and thriving

dental practices in the Midwest. Recently, Dr. Parajon decided to expand his horizons and opened one more office, Blossoming Smiles, located in beautiful Rancho Santa Margarita, California.

Dr. Parajon's experience and expertise includes veneers, invisible braces (Invisalign®), implant prosthetics, porcelain crowns, tooth-colored fillings and in-office and take home teeth whitening.

Dr. Parajon believes in helping everyone achieve their best smile and extends his services beyond a regular visit. As we all know, a smile is what (1) creates one's first impression as it is what people see first, and (2) gives an individual great confidence. Dr. Parajon knows that we all aspire to be at our best and he can make it happen.

ELLIE AFLATOON-PARAJON, DDS earned her doctorate in dental surgery from Marquette University School of Dentistry in 1998. She's been a member of the several dental societies, which include the American Dental Association, California Dental Association and Orange County Dental Society.

Dr. Ellie Aflatoon-Parajon continues to receive post-graduate training in cosmetic dentistry that allows her to create beautiful smiles for her patients while using the latest technology. From these studies, she gains a broader concept of beautiful cosmetics and functional duties of teeth and smiles that deepen a patient's wellness. She believes in the motto

"...nice teeth don't just look pretty, but they give you better function, improve your hygiene, and prevent other pathologies." Dr. Aflatoon-Parajon is known for her excellent client relationships by offering a warmth and inviting rapport to each of her patients especially children. While in school, Dr. Aflatoon-Parajon's clinical interest was in pediatric, family and cosmetic dentistry and has been practicing since 1998.

Dr. Ellie Aflatoon-Parajon strives to establish long-term relationships with her patients based on trust, communication and gentle care. Her hobbies include skiing, reading, traveling, doing activities with her two sons and relaxing with family and friends.

TOPICS DISCUSSED

PRACTICING SINCE 1995
ADVANCED TECHNOLOGIES
DENTISTRY FOR CHILDREN
COSMETIC EXPERT

What type of advanced technology and process do you use for my dental care?

Intraoral Cameras. We use these cameras so that you can view your oral and teeth conditions on a screen, in real-time.

Digital X-Rays. These digital X-Rays allow you to view the X-Ray immediately rather than waiting for development. Plus we are able to more rapidly diagnose your oral health.

Interactive Educational Content. We enable you to learn about dentistry and how it affects your oral health. This includes, videos & imagery, including 3D animations used to assist us in explaining conditions and treatments to cure them. "An educated patient is our best patient," says Dr. Carlos Parajon. "It's important for a patient to know all treatments that are available to them – from the simple to the most complicated. This way, they can make informed decisions when it comes to treating their dental needs. "

Sterilization & Safety. We utilize the most up-to-date sterilization equipment, practices and safety protocols that have been set for the dental industry. We sterilize all instruments prior to utilization for any procedure.

CEREC® One Visit Restorations. Most dental restorative methods require more than one visit, generally a couple weeks apart. With our CEREC® technology, we take care of your crown restorations in just one visit.

Choosing cosmetic dental work can be a tough decision, so why should I choose Blossoming Smiles to perform a full mouth restoration and other cosmetic procedures?

Because Dr. Carlos Parajon has the educational training and years of experience practicing not only as a general dentist, but also a prosthodontist. To receive this designation, Dr. Carlos Parajon obtained three additional years of education from Marquette University beyond that of his general dentist studies.

What is a Prosthodontist?

A Prosthodontist is a dental specialist who provides dental services for the replacement and restoration of your natural teeth with a particular focus on:

- (1) the rehabilitation and maintenance of your oral function, comfort, health and appearance and
- (2) the creation of an aesthetically pleasing smile

A Prosthodontist is one of nine specialty designations officially recognized by the American Dental Association. The need for the a specialized provider of prosthodontic services arise from missing or deteriorating teeth, injury, tissue problems and/or the desire for cosmetic changes to your smile.

What financing options do you have available?

We offer financing plans made available by Care Credit®. Contact us today to discuss these options.
